Bringing large groups of models and photographers together in a friendly networking environment

Selecting picturesque venues in desirable locations to create a beautiful backdrop for the models and products

### **ABOUT THE COMPANY**

The Glamour Retreat is an educational model and photographer networking event designed to create a safe and fun environment where every attendee can learn something new. Both industry professionals and first-timers can come together to learn and develop lasting relationships.

Glamour Retreats are exclusive vacations. Attendees pay to stay at a glamour property and have a "celebrity" experience while either taking photos or being photographed by experts. They also have access to several educational workshops and one-on-one coaching sessions with guest educators with large social standing.

At the end of it all, attendees will have what they need to build a full portfolio and get a chance at publication with our magazine partner.

Several professional photographers work together to create the perfect shot to represent your brand

- Shock and Awe Visual

"It was such a great blessing being able to be a part of such a loving, friendly, caring group of people at the Glamour Retreat this year. It taught me that beauty is in the eye of the beholder, that it's ok to just breathe and not be perfect. Learning how to love and accept myself as I am while at this event completely changed my life 100% for the better. I can never thank Amber Contant enough for putting together such a wonderful retreat for us models and the photographers. It was truly a blessing in disquise."
